## ZENOBIA WRECK DIVING TRIP

There is more sea life on the Zenobia than any other dive site in Cyprus. Large sea bream and groupers are “de rigueur” on the Zen, as she is affectionately called. Along with barracuda, moray eel, grey triggerfish, amberjacks, and a myriad other sea life. For real excitement the occasional turtle will visit the decks.

In between dives there will be snacks, coffee and tea. A delicious and freshly prepared BBQ will be waiting for you at the end of the second dive.

To dive the Zenobia you must hold a minimum PADI Advanced Open Water Diver or have an alternative diving certificate allowing you to dive to 30 meters. PADI Deep Specialty divers will be allowed to dive to 35 meters, provided your buddy also is a Deep Spec diver.

**Available on Tuesday and Saturday (All Year) - Divers 150EUR / Non-Divers 75EUR**

For divers and passengers alike, this trip offers a fantastic day out with family and friends, it's also great for photographs!

## DISCOVER SCUBA DIVING

Discover scuba diving is a half day program for beginners – a unique opportunity to live the scuba experience. Starting with a short video explaining the basics of scuba you will then be given a full briefing by an experienced instructor who will help you to set your scuba gear and get ready for the fun part. Before you know it you will be in our pool practicing a few simple skills and into the sea to enjoy your first open water dive.

You will be diving at the Roman Wall, which is a dive site of archaeological interest up to 6 m. It is safe and easy, as there is a special descend line which helps our divers-to-be to go down slowly and safely. You can see many interesting objects on the sea bed and if you're lucky take a picture with one of the octopuses, living in our octopus garden!
